

Build Your Future In The Trades

JOURNEYWOMAN START GRANDE PRAIRIE

If you're interested in pursuing a career in construction but you're not too sure which trade or where to start, this is the program for you.

Journeywoman Start (JWS) Grande Prairie is a 12-week pre-apprenticeship program featuring classroom and hands-on skills development training that introduces learners to five skilled trades that are recognized as apprenticeships in Alberta.

The hands-on experience provides introductory skills training in drawing and blueprint reading, carpentry, welding, pipefitting, electrical, and plumbing.

Free tuition for qualified applicants.

The average employment rate for graduates of this program is 90%.

Funded by the Government of Canada's
Women in Construction Fund.

You will receive industry exposure, job search support and earned employment referrals. Plus, essential safety awareness and certification, Academics, Best Practices for working in construction, exposure to technical skills and hands-on training. Students will write the AIT exam while in the program.

Certificates include:

- Construction Safety Training System (CSTS)
- H2S Alive
- OSSA Confined Space/ Entry Monitor
- OSSA Elevated Work Platform
- OSSA Fall Protection
- Scaffolding Awareness
- Standard First Aid CPR A & AED

Training will take place at Grande Prairie Regional College.
