# Grief Edu-Therapy™ Certification Programs

**Edu-Therapy™ Solutions**

Building Sustainable Mental Wellness

The covid crisis has created uncertainty in our healthcare system, employment, government, and economic platforms. It has upended our understanding of the world around us.

As a result, we are experiencing grief due to loss of our freedoms, loved ones, jobs, way of life, physical contact, hope, control, etc.

Learning the Edu-Therapy™ process will give you the skills and understanding to begin to heal, allowing yourself and others, in your community or workplace, to move forward.
